Metro-West Appraisal Launches Commercial Real Estate Valuation Services

DETROIT, February 16, 2016 – Metro-West Appraisal Co. (Metro-West), the largest independent residential real estate appraisal company in the nation, today announced that the company has expanded its offerings to include commercial real estate valuation services.

Metro-West now provides commercial appraisal services for all real estate property types, including industrial, office, multi-family, retail and more.

“Expanding our focus into the commercial real estate appraisal sphere is the next step in what has been a tremendous period of growth and evolution for Metro-West Appraisal,” said Brandon Boudreau, COO, Metro-West Appraisal.

“For almost 30 years, our company has maintained an unwavering commitment to providing clients with access to industry-leading service and high-quality reports.”

The team of experienced Certified General Appraisers will have national coverage backed by a robust quality control and compliance team.

Every commercial real estate report undergoes a rigorous internal review process, ensuring high accuracy for every assignment.

Metro-West’s commercial valuation services include:

- Aggressive and competitive pricing
- High-quality, fully compliant reports from experienced, licensed appraisers
- Quick turnaround times
- Wide range of cost-effective valuation services
- Hybrid products for commercial property valuation ensuring low cost, fast results

###

Founded in 1987, Metro-West is a leading commercial and residential real estate appraisal firm. Metro-West has more than 200 staff appraisers in over 80 metropolitan

markets across 34 states, with continuous nationwide expansion planned. Unaffiliated with an AMC or a lender, each Metro-West office is staffed with full-time W-2 appraisers, helping to maintain quality and consistency throughout the company's entire operations.
